

GOD'S WILL VS. OUR WILL

Saul

Saul was arrogant to think he could disobey God and not be punished. Where are you arrogant in your life?

Saul defied his oath with God. Where have you shown defiance in your life?

Read 1 Samuel 14:24-47.

How many times have you turned your back on God but then asked him to help you when you felt vulnerable? How do you think God feels when we do that?

So often we take matters into our own hands, grow impatient with waiting on God, or just give up. Then we turn around and say something like, "God is never with me," or, "I don't feel like God is here because he never helps me when I ask."

What's wrong with this kind of relationship with God?

This week, keep a calendar of your life in partnership with God. How does this intentionality change how you go about your day?
